4 September 2024

Zimbabwean dictator Robert Mugabe seized Ben Freeth's family farm. When he took the government to court, Mugabe's thugs burned down his house, kidnapped him, and fractured his skull. He joins me to discuss the rise of tyranny, the importance of property rights, and the dangers of victimhood politics.

Chapters:

[6:37](#) Introductions

[9:11](#) - Mugabe's Rise to Power

[23:10](#) - Losing the Farm

[31:11](#) - Abduction & Torture

[36:39](#) - Racial Resentment

[44:49](#) - Lessons for America

[50:06](#) Reject the Victim Hierarchy

Vivek Ramaswamy is an American business leader, New York Times bestselling author, and former 2024 Republican U.S. Presidential candidate. Born and raised in Cincinnati, Ohio, he went on to become a successful entrepreneur who started Roivant Sciences, Strive, Chapter, and a number of other successful businesses. He is bestselling author with three published books — *Woke, Inc.* (2021), *Nation of Victims* (2022), and *Capitalist Punishment* (2023) — with a forthcoming book in 2024, *Truths: The Future of America First*.
